SWIVEL MECHANISM

- APM Driver seat provides the best in comfort, control, and safety in its class.
- Where control is of utmost importance, the seat provides good lateral support to the driver without it being too restrictive.
- Shock absorber assisted spring suspension mechanism allows for weight load adjustment in accordance to the driver's preference.
- The seat comes with adjustable forward and rearward sliders to for optimum driving position, and comes with height adjustable and tiltable headrest as standard equipment.
- Polyurethane (PU) molded foam ensures the ergonomic contour of the seat remain firm and durable.
- The seat is adaptable also to various marine vessels, and commercial crane vehicles applications.
- This versatile seat can be mounted with APM Swivel mechanism (270° turning position), and movable armrest to suit the needs of the users.
- The seat is available in quick or micro-recline system.
- Available with a wide selection of automotive grades trimming combinations available (Leather, Fabric, Vinyl, & Carpet)
